

MARC A. WEINSTEIN, M.D.

Florida Orthopaedic Institute
Spine Center
13020 Telecom Parkway North
Tampa, FL 33637

TRAINING

- 7/2000-7/2001 Fellow in Spine Surgery, University of Miami/Jackson Memorial Medical Center and The Miami Project to Cure Paralysis. Mentor: Dr. Frank J. Eismont
- 6/1995-6/2000 Resident in Orthopaedic Surgery, Yale University School of Medicine, Department of Orthopaedics And Rehabilitation, New Haven, CT
- 7/1994-6/1995 Spine Research Fellowship, The Hospital for Special Surgery, Cornell Medical Center, New York, New York
- 6/1993-6/1994 Intern in Surgery/Neurosurgery Program, UCLA Medical Center, Los Angeles, California

EDUCATION

- 9/1989-5/1993 Doctor of Medicine, Yale University School of Medicine, New Haven, Connecticut
- 9/1985-5/1989 Bachelor of Arts *Summa Cum Laude* in Biology, Rutgers College, Rutgers University, New Brunswick, New Jersey
- 9/1981-6/1985 Sayreville War Memorial High School, Parlin, New Jersey

HOSPITAL PRIVILEGES

Tampa General Hospital
University Community Hospital
St. Joseph's Hospital
Brandon Regional Hospital

HONORS AND AWARDS

- 1998 Elected Member of North American Spine Society
- 1993 Completed/Defended MD Thesis, Dept of Surgery, Section of Neurosurgery
- 1992 Elected Associate Member American Association for Cancer Research
- 1991 March of Dimes Summer Science Research Award
- 1990 The Endocrine Society Summer Student Research Fellowship
- 1990 Etta S. Chidsey Award for Cancer Research, Yale Comprehensive Cancer Center
- 1989 Honors with Highest Distinction, Dept. of Biology, Rutgers University
- 1989 Betty Falk Yatvin Award for Outstanding Achievement in the Biological Sciences, Rutgers Univ.
- 1989 Ralph DeFalco Scholarship Award, Dept. of Biology, Rutgers University
- 1989 Completed Henry Rutgers Senior Honors Thesis in Biology
- 1988-89 Henry Rutgers Honors Scholar, Rutgers College, Rutgers University
- 1988 Women's League of Rutgers University Outstanding Student Award
- 1986 Phi Eta Sigma Honor Society
- 1986 Rutgers College Deans' Award for Excellence
- 1985-89 Dean's List

RESEARCH

- 1996-present Spinal Surgery
- Gene expression in OP-1 stimulated spinal fusion
 - Vascular disease and low back pain
- Yale University School of Medicine
- 1994-1995 Spinal Surgery Research Fellowship:

MARC A. WEINSTEIN, M.D.

- Molecular models of intervertebral disc degeneration
 - Analysis of wound infections after spinal surgery
 - Predictability of adequacy of lumbar decompression using dermatosensory-evoked potentials
- The Hospital for Special Surgery, Cornell Medical Center
Mentors: Dr. Patrick F. O'Leary, Dr. Frank Cammisa, Dr. Oheneba Boachie-Adjei, Dr. Lionel Ivashkiv

- 1989-1993 Neuro-oncology/Neurosurgery:
- Use of estramustine and novel antimicrotubule agents in the treatment of malignant glioma.
 - Combination chemotherapeutic regimens *in vitro* including estramustine.
 - Identification of estramustine binding protein and microtubule associated proteins in glioblastoma cells.
 - Use of tamoxifen and protein kinase C inhibitors in the treatment of human glioblastoma.
- Yale University School of Medicine, Section of Neurosurgery and Dept. of OB/GYN
Mentors: Dr. Joseph M. Piepmeier, Dr. Frederick Naftolin

- 1987-1989 Neuroendocrinology:
- Identification of CNS locations responsive to estrogen and progesterone crucial to the induction of estrous behavior in rats.
 - Pharmacological-behavioral characterization of the progesterone antagonist RU486.
 - Developmental effects of RU 486 on the brain and behavior.
 - Behavior and CNS development after exposure to various dopamine receptor antagonists
- Rutgers University, Department of Biology
Mentor: Dr. Ronald J. Barfield

MEMBERSHIPS IN PROFESSIONAL SOCIETIES

North American Spine Society, American Academy of Orthopaedic Surgeons

PROFESSIONAL ACREDITATION

American Board of Orthopaedic Surgery
National Board of Medical Examiners 429122
Florida License ME83022
New York State License 197257, inactive

INTERESTS/ACTIVITIES

- Computers in orthopaedic education
- *Editor in Chief*, Yearbook, Class of 1993, Yale University School of Medicine
- running, inline skating, sailing, golf, hiking, tennis, squash, rowing
- theater, opera, reading
- Academic Mentorship Program in the Sciences (advisor for undergraduate science majors)
- former member Rutgers University Intercollegiate Crew Team, Yale Med School softball and volleyball (Captain) team

MARC A. WEINSTEIN, M.D.

BIBLIOGRAPHY

Book Chapters and Invited Papers

Weinstein MA, Eismont FJ. Occipitocervical Arthrodesis. In: Herkowitz H. The Cervical Spine- An Atlas of Surgical Procedures, 2nd Ed., *in press*.

Weinstein MA, Patel TP, Bell GR. Evaluation of the patient with spinal infection. *Seminars in Spine Surgery* **12(4)**: 160-175, 2000.

Weinstein MA, Patel TP. Anterior lumbosacral fusion through gas-assisted and gasless endoscopy. In: Rengchary SS, Wilkins RH. Neurosurgical Operative Atlas. AANS publications, Park Ridge, IL, 2000.

Original Peer Review Papers

Weinstein, M.A., Rosenblatt, M., Patel, T.Ch. The contribution of atherosclerosis of the lumbar arteries to low back pain *Submitted for publication*.

Weinstein, M.A., Eismont, F.J. Infections of the spine in patients with human immunodeficiency virus. *J Bone Joint Surgery Am.* **87(3)**: 604-609, 2005.

White AP, **Weinstein MA**, Patel TC, Horowitz M, Friedlaender GE. Lumbar arthrodesis gene expression: A comparison of autograft with osteogenic protein-1. *Clin Orthop* **429**: 330-337, 2004.

Weinstein, M.A., Keggi, J., Zatorksi, L., Keggi, K.J. Bilateral total hip arthroplasty in patients at least 75 years of age. *Orthopedics* **25(2)**:153-6, 2002.
